**CF CONTEMPO
FIREPLACES**

C-THRU 42

An all masonry double sided fireplace, supplying ambience to two rooms. Each lightweight fireplace is made of modular masonry components, assembled on site, and has a refractory herringbone patterned firebrick interior. It requires no special footings, and can be installed over wood floors and on second floors.

Designed for the discriminating architect, homeowner, and builder. When you're looking for the custom beauty and durability of a hand laid masonry fireplace, with the simplicity of a zero-clearance fireplace installation, Contempo Fireplaces fill that need.

INSTALLED AND READY TO BURN THE SAME DAY!

- LIGHT WEIGHT MASONRY PREFABRICATED
- IDEAL FOR NEW AND EXISTING HOMES
- BURNS WOOD OR CERAMIC GAS LOGS
- REFRACTORY HERRINGBONE INTERIOR
- MAY BE INSTALLED ON 2ND STORY FLOORS
- U.L.127 TESTED AND APPROVED by
